

RC PUBLIC ART CALL FOR ARTIST

Utility Box Beautification Project

Please read and review ALL application materials before applying

Call Summary

The City of Rancho Cucamonga is seeking original designs by local artists to cover four (4) utility boxes, also known as traffic signal cabinets, as part of the Utility Box Beautification Program. The original artwork submissions can be created in any 2D medium. Selected artists will need to convert final designs into one of the following file types PDF, .ai, .psd, TIFF or JPEG. TIFF and JPEG need to be a minimum of 150 DPI and a minimum of 2,000 pixels. Final designs will then be installation by a third-party vendor.

Selected artists will be paid a \$750 stipend per design chosen. Artists can submit up to two (2) design proposals.

The Utility Box Beautification Program aims to transform these metal cabinets into works of art, supporting efforts to create places that people will find vibrant, welcoming, and inclusive. We invite local emerging artists 18 years and older to showcase their talents while promoting eye-catching public art throughout the city.

Estimated Timeline

- Project Timeline:
 - Call for Artists Launch: January 7, 2025
 - Application Submission Deadline: February 2, 2025, by 11:59 p.m. (PDT) or until 100 applications are received
 - Artist(s) Selected: February 20, 2025
 - Final Design Completed: March 20, 2025
 - Project(s) Installed: by May 2025
- Budget: Selected artists will receive a \$750 stipend for the final designs; City will cover the cost of installation and maintenance of the utility box wrap
- Geographic Eligibility Requirements: This is an open call, but preference will be given to artists who work, reside, or attend school in the Inland Empire Region

Artists of selected artwork understand and agree to the following: Selected artwork will be digitally applied to anti-graffiti vinyl and wrapped on utility boxes that may be targeted by vandals. Art is applied to functioning equipment that may need repair or replacement. No guarantee is issued for the location or longevity of display. Vendor may make adjustments to the finished piece to address installation challenges.

Project Description

The City of Rancho Cucamonga is seeking artists to design four (4) vinyl utility box wraps. The Utility Box Beautification Program is an RC Public Art program designed to transform plain traffic control boxes into unique works of art, creating a more vibrant, attractive cityscape and contributing to the unique character of each site location.

The original artwork can be designed/created in any 2D medium. We encourage applicants to develop designs in digital format utilizing the template attached; however, the City will also accept photographs or scans of physical art for the application as well. Selected artists will need to convert final designs into one of the following file types PDF, .ai, .psd, TIFF or JPEG. TIFF and JPEG need to be a minimum of 150 DPI and a minimum of 2,000 pixels. All designs will be printed on vinyl and installed on utility boxes by a third-party vendor. The City and third-party vendor will support the artists selected with final design submissions and modifications. Artist will be assigned locations upon selection.

Design Scope

Artist will be responsible for design elements on all four sides of the utility box including attached exterior cabinets. Below you will find a sample image of a utility box and the design template which is linked on the call for artist page.
